§ 3290.116 Supplementary Order M-317A—(a) Contents of this order. This Order M-317A is supplementary to Order M-317 and contains distribution schedules 1 and 2. These schedules apply only to woven cotton fabrics of more than 12" in width, but do not apply to duck. Restrictions on the production of cotton fabrics appear in Order L-99.

(b) [Deleted Nov. 20, 1945.]

(c) Effect of change in distribution schedules on third quarter set-asides. CIVILIAN PRODUCTION
ADMINISTRATION,
By J. JOSEPH WHELAN,
Recording Secretary.

DISTRIBUTION SCHEDULES 1 AND 2

The obligations in Column III of Distribution Schedules 1 and 2 are to be calculated quarterly from the first day of each quarter, beginning October 1, 1945.

(a) Column I indicates the corresponding item numbers of the various cotton fabrics in these schedules as each appears on Form CPA or WPB-658-C (9/7/45) for Fine Cotton Goods and Form CPA or WPB-658-B (9/7/45) for Carded Gray Goods, Colored Yarn and Napped Fabrics and Specialties.

(b) Column II shows the cotton fabrics covered by these schedules.

(c) Column III shows the percentage of the producer's current calendar quarterly production which must be delivered by him to fill export orders. Deliveries of cotton fabrics on orders of garment manufacturers for incorporation into clothing for delivery on export orders may be credited to the Column III obligation. Except for clothing in the above case, only exports of cotton fabrics in piece goods form may be credited to this obligation. For example, delivery of cotton fabrics to a coater to fill an export order for coated fabrics may not be credited to the Column III obligation.

(d) (1) Only deliveries on purchase orders placed in accordance with paragraph (b) (1) of Order M-317 may be credited toward the obligations of Column III. When these obligations are fulfilled, the producer is not required to accept any additional export orders, regardless of the provisions of Priorities Regulation 1.

(2) Export by or for the United States Army, Navy, Maritime Commission, War Shipping Administration (including U. S. Army and Marine Corps Post Exchanges, U. S. Navy and Coast Guard Ships' Service Departments, and War Shipping Administration Training Organizations Ships' Eervice Activities), and the American Red Cross may not be credited toward these obligations.

(3) However, if he receives and accepts an export order for these goods, the delivery shall be credited toward his export obligation relating to narrow goods within the same reference number.

(c) (1) Column IV contains special provisions concerning the use and delivery of particular fabrics.

(2) Unless otherwise specified, the provisions of Column IV apply only to producers as defined in Order M-317. Where a provision in Column IV requires a purchaser to furnish a certificate, no person giving such a certificate may use or deliver the cotton fabries ho buys contrary to his certificate.

This compilation of Maximum Price Regulation 579 includes Amendment 14, effective November 26, 1945. The text added or amended by Amendment 14 is underscored. Changes in tables are indicated by notes.

In the judgment of the Price Administrator, it is necessary in order to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. that maximum prices be established for certain species of fresh and frozen fish and seafood.

So far as practicable, the Price Administrator has consulted and advised with rèpresentative members of the industry which will be affected by the regulation. In the judgment of the Price Administrator, the prices established are generally fair and equitable and will effectuate the purposes of the act.

A statement of the considerations involved in the issuance of the regulation has been issued herewith and filed with the Division of the Federal Register.2

ARTICLE I-GENERAL PROVISIONS

SECTION 1.1 What this regulation does—(a) General. This regulation regulation fixes maximum prices for sales of certain species of fresh fish and seafood by producers and wholesalers, of certain species of frozen fish and seafood by processors and wholesalers, and of those species of fresh and frozen fish and seafood by certain other persons, not including retailers. It sets prices for various types of sales by such persons according to species, size, and style of dressing.

(b) Sales by retailers. For the purposes of this regulation, a "retailer" is a

person who buys fresh or frozen fish or seafood and resells 80 percent or more of it to ultimate consumers. ("Ultimate consumers" do not include commercial, industrial or institutional users). This regulation does not apply to any sale by a retailer. All of his sales are covered by Revised Maximum Price Regulation No. 507.3

(c) Sales by combination retailerwholesalers. A combination retailerwholesaler is a person who buys fresh or frozen fish or seafood and resells more than 50 percent but less than 80 percent of it to ultimate consumers. He is a "wholesaler" or "other distributor" under this regulation with respect to his sales to persons other than ultimate consumers and with respect to all his purchases (see sections 2.4 and 3.4), since he resells more than 20 percent of his fish and seafood to persons other than ultimate consumers. (He is also a retailer under Revised Maximum Price Regulation No. 507 with respect to his sales to ultimate consumers, since he sells more than 50 percent of his fish and seafood to ultimate consumers.) This regulation does not apply to his sales to ultimate consumers, which are covered by Revised Maximum Price Regulation No. 507. However, this regulation fixes maximum prices for his sales to all persons other than ultimate consumers (for instance, to purveyors of meals or to other retailers).

(d) Sales by persons other than retailers or combination retailer-wholesalers. This regulation sets maximum prices for all sales at retail or otherwise, by any person who is a producer of fresh fish or seafood, a processor of frozen fish or scafood, or who buys fresh or frozen fish or seafood and resells 50 percent or less of it to ultimate consumers.

(e) Sales to government agencies. The maximum price for sales to government agencies shall be determined by reference to the class of sale and the type of service involved in the particular sale. However, the table price for sales of frozen fish to government agencies by processors is the price for processors' sales to wholesalers and chain store warehouses listed in Column I of the applicable table for frozen fish and seafood.

[Above paragraph amended by Am. 8, 10 FR. 9432, effective 8-15-45 (effective date amended by Am. 9, 10 FR. 9339, effective 8-7-45)]

(1) Notwithstanding any other provision of this regulation the prices set forth below are the maximum prices for sales of the items of frozen fish listed below to the Quartermaster Corps of the United States Army: Provided, That such items are frozen after September 30, 1945 and delivered to such governmental agency prior to April 1, 1946 in the case of East Coast species and are frozen after August 31. 1945 and sold and delivered to such governmental agency prior to May 1, 1946 in the case of West Coast species. Sec. 1.2 Maximum prices for sales by brokers and by distributors other than producers, processors, wholesalers and retailers—(a) Brokers. The maximum prices established by this regulation include all brokerages, commissions or other customary selling fees, transportation and other expenses incurred in making sales for which no additional. charge may be made. In accordance with trade custom every broker or other agent is considered the agent of the seller and not of the buyer. The amount paid by the buyer to the seller plus any amount paid by the buyer to a broker or other agent shall not exceed the seller's maximum price plus any applicable allowance provided by this regulation for transportation actually paid by the broker or other agent.

(b) Distributors not specifically provided for in this regulation. The maximum price for sales of fresh fish or seafood covered by this regulation by any person, other than a producer, wholesaler or retailer or of frozen fish or seafood covered by this regulation by a person, other than a processor, wholesaler or retailer, is his supplier's maximum price plus any applicable allowance provided by this regulation for transportation actually paid by him.

Sec. 1.3 Prohibition against selling or buying above maximum prices. Regardless of any contract or obligation, no person shall make any sale, or any purchase in the course of trade or business, of fresh or frozen fish or seafood, for which sale or purchase a maximum price is established by this regulation, at a price higher than that maximum price; and no person shall agree, offer, solicit or attempt to do any of the foregoing. However, prices lower than maximum prices may be charged and paid.

Sec. 1.4 Where this regulation applies. The provisions of this regulation shall apply to the forty-eight States of the United States and the District of Columbia. Notwithstanding the provisions of Revised Maximum Price Regulation No. 1944 they shall apply to the Territory of Alaska.

[Sec. 1.4 amended by Am. 8, effective 8-15-45 (effective date amended by Am. 9, 10 F.R. 9880 effective 8-7-45)]

SEC. 1.5 Relation to other regulations-(a) Fresh fish and seafood. The following even numbered articles cover certain species of fresh fish and seafood which are listed in the fresh fish tables (designated by an "A" after the Roman numeral) in section 10.1 of Article X. Except as provided in paragraph (d), the provisions of this regulation supersede Maximum Price Regulation No. 418,5 as amended (Fresh Fish and Seafood), with respect to the species so listed. Maximum Price Regulation No. 418, as amended, will continue in full force and effect with respect to species not listed in the fresh fish tables in section 10.1 of Article X of this regulation.

(b) Frozen fish and seafood. The following odd numbered articles of this regulation cover certain species of frozen fish and seafood of certain styles of processing which are listed in the frozen fish tables (designated by a "B" after the Roman numeral) of section 10.1 of Article X. Except as provided in paragraph (d) the provisions of this regulation supersede Maximum Price Regulation No. 364,6 as amended, (Frozen Fish and Seafood) with respect to the species so listed. Maximum Price Regulation No. 364, as amended, will continue in full force and effect with respect to species and styles of dressing listed in section 13 of that regulation which are not listed in the frozen fish tables in section 10.1 of this regulation. The General Maximum Price Regulation applies to sales of frozen fish and seafood of any species or style of dressing not listed in the frozen fish tables of section 10.1 of this regulation or section 13 of Maximum Price Regulation No. 364.

[Paragraphs (a) and (b) amended by Am. 8, 10 F.R. 9432, effective 8-15-45 (effective date amended by Am. 9, 10 F.R. 9880, effective 8-7-451

(c) Exports. The maximum price at which a person may export fresh or frozen fish or seafood shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation ⁸ issued by the Office of Price Administration.

(d) Sales to which this regulation does not apply. The provisions of this regulation shall not be applicable to sales or deliveries of fresh or frozen fish or seafood to a purchaser if, prior to the effective date of this regulation, such, fresh or frozen fish or seafood has been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser. Maximum Price Regulation No. 418 remains in full force and effect with respect to such sales of fresh fish or seafood, and Maximum

Price Regulation No. 364 remains in full force and effect with respect to such sales of frozen fish or seafood.

SEC. 1.6 Invoices, records and reports-(a) Invoices, to be furnished by sellers. Every person making a sale of fish or seafood subject to this regulation shall furnish to the purchaser at the time of delivery a written statement containing (1) the date of delivery; (2) the name and address of the buyer and seller; (3) the species sold; (4) a statement that the fish or seafood sold is fresh or is frozen; (5) the quantity, size, grade and styles of dressing of the fish or seafood sold (where price differences are based on these factors); (6) the types and sizes of containers used; (7) the price charged, including separate statements of container allowances and transportation allowances. If the statement fails to identify the fish or seafood sold as fresh or frozen the seller's maximum price for that fish or seafood is the lower of the prices listed for that fish or seafood in the applicable column of the fresh fish tables of section 10.1 and the frozen fish tables of section 10.1.

However, this paragraph does not apply to sales of fresh fish or seafood by producers (who are not also wholesalers). Such producers shall furnish to purchasers on such sales invoices, statements, or other records of the kind customarily furnished by them, if any.

[Paragraph (a) amended by Am. 8, 10 F.R. 9432, effective 8-15-45 (effective date amended by Am. 9, 10 F.R. 9880, effective 8-7-45)]

The Regional Administrator may alter, modify or suspend such requirements with reference to such types of sales and such localities within his jurisdiction as he may designate, but only when the buyer and seller are both within his jurisdiction. He may make such provisions for posting the items required in paragraph (a) as in his judgment are necessary to prevent the circumvention or evasion of this regulation. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. ARTICLE II-FRESH FISH AND SEAFOOD (NORTH ATLANTIC SPECIES)

Sec. 2.1 General provisions — (a) Scope of this article. This article sets maximum prices for sales by producers and wholesalers of certain species of fresh fish and seafood listed in Table IA of section 10.1. Table IA (North Atlantic species) lists only species which are primarily landed at North Atlantic ports. (All fresh fish and seafood of any species listed are included, even though they are occasionally landed elsewhere. Fresh fish and seafood primarily landed in other areas, such as halibut, are not included, even though they are occasionally landed at North Atlantic ports.)

(b) Unlisted styles of dressing and sizes. Where a species of fresh fish (not including seafood) listed in Table IA is sold in a style of dressing not listed in Table IA the table price for that style of dressing is the lowest price listed in Table IA for any style of dressing for that particular species. Where a fresh seafood (hot including fish) listed in Table IA is sold in a style of dressing not listed in Table IA for that particular seafood, the table price for that style of dressing is the lowest price listed in Table IA (section 10.1) or Table A of Maximum Price Regulation No. 418 for any style of dressing for any seafood. For the purposes of this paragraph, "round" is a style of dressing. Where a species of fresh fish or seafood listed in Table IA is sold in a size not listed in Table IA, the table price for that size is the price listed for the lowest priced size of that species.

(c) Fresh fish. As used in this article, the words "fresh fish" mean all fresh fish and seafood of the species listed in Table IA of section 10.1, unless the context indicates otherwise.

SEC. 2.2 Sales by producers—(a) What a producer is. A "producer" is a fisherman or any other person who is allied with him in the catching or landing of fish, or who sells or delivers, at a port of entry or at any other place, fresh fish which he bought and received on a vessel owned or hired by him. A person who is a producer with respect to fresh fish of any species, is treated as a producer with respect to all the fresh fish of that species which he handles.

(b) Maximum prices for producers' sales. The maximum price for a sale of fresh fish, ex-vessel or otherwise, by a producer who is not also a wholesaler e(see paragraph (d)), to any person other than an ultimate consumer, is the price listed in Column A of Table IA (section 10.1) for that species and month. However, if such producer ships his fish by common carrier, or by other means of transportation, not including local trucking, hauling or handling, and boxes or barrels his fish for such shipment, he may add one cent to the price listed in column A.

(c) Regional adjustments of producers' prices. Any regional office of the Office of Price Administration may by order modify the price established by column A of Table IA for any species and style of dressing whenever, and to the extent that, it determines such modification to be necessary to prevent the avoidance of the prices established by Table IA or to prevent disruption of the customary methods of landing and selling fish: *Provided*, That the prices as thus modified shall be in line with the prices established by Table IA for the

particular species, making allowance for the difference in the method by which, or the place at which, the fish are removed from the vessel or delivered to the buyer. No modification may be issued which would require an increase in the prices established by any other table or by any other regulation. Such modification shall apply to sales at such areas or localities within the jurisdiction of the regional office as it may determine. No order or modification shall be issued until it shall have been submitted to and approved by the Office of Price Administration in Washington. If the price is modified for any species which is customarily landed in any other region, the order of modification shall not be submitted to Washington until it has been submitted to the regional office for such other region.

(d) Sales by producers who are also wholesalers. If a producer sells and distributes his fish from the stock of his established place of business, and also sold and distributed fish from the stock of his established place of business for the substantial portion of the year prior to July 13, 1943, he is a wholesaler with respect to such sales. Those sales are primary fish shipper sales, and are cov-

ered by section 2.5.

Sec. 2.3 Sales to canners—(a) General rule. The maximum price for a sale of fresh fish to a canner by any person is the price established by section 2.2 for a sale by a producer (other than a producer-wholesaler).

(b) Sales of codfish and haddock. The maximum price for a sale by any person of codfish (Schedule 2) or haddock (Schedule 7) landed in Boston, Mass, or any point south of Boston, Mass, to a canner of fish flakes as defined in Maximum Price Regulation No. 537, is the applicable price in Column A of Table IA (section 10.1) plus one cent: Provided, however, That the seller de-livers such codfish or haddock to the premises of a cannery located in Gloucester, Mass. for the purpose of meeting the requirements for fish flakes of the Bureau of Supplies and Accounts of the United States Navy Department.

[Sec. 2.3 amended by Am. 5, 10 F.R. 4636, effective 4-25-45]

Sec. 2.4 Maximum prices for wholesale sales—(a) What "wholesaler" and "wholesale sales" are. A person, other than a producer, who buys fresh fish for resale and sells more than 20 percent of it to persons other than ultimate consumers, is a "wholesaler" with respect to all his purchases (including his purchases of fish which he sells at retail). A sale by such person is a "wholesale" sale, and the seller is a "wholesaler" with respect to such sale, if:

(1) Such fish is sold and distributed from the stock of such person's domestic established place of business; or

(2) The fish is sold and delivered to a retailer or a purveyor of meals, without advance order, from the stock of the seller's motor truck or wagon in which he delivers it to the retailer's individual store or to the place of business of the purveyor of meals, and the seller has no established place of business. (This type

of wholesale sale is called a wagon jobber sale, and the seller is called a wagon-jobber with respect to such sales.)

With the exception of the wagon jobber sale, however, if the fish is not sold and distributed from the domestic established place of business of such seller, the sale is not a "wholesale sale." That seller is a "distributor" with respect to that sale, which is covered by section 1.2 or in the case of an importing distributor by section 2.7a.

[Subparagraphs (1) and (2) corrected, 10 F. R. 4035, effective 4-18-45]

(b) Maximum prices for wholesale sales. The maximum price for a wholesale sale of fresh fish (other than a-sale to an affiliated retail store by a retailer-owned cooperative wholesaler) is the table price provided by Article X for that sale (section 10.1), plus all applicable allowances (provided by section 2.9 through 2.12). If Article X does not specifically provide a table price for the sale, the maximum price is the lowest table price provided by Article X for any sale by that seller, plus all applicable allowances.

(c) Maximum prices for sales of lots of more than 500 pounds. (1) The maximum price for sales of fresh fish which is delivered or shipped to any place of business or other distribution point of the customer in lots totalling more than 500 pounds of any one species in any one day is the table price provided in the following subdivisions (i), (ii) and (iii) plus all applicable allowances:

(i) Sales to purveyors of meals by port wholesalers (other than primary fish shippers)—the price listed in Column B of Table IA (section 10.1) plus one

cent.

(ii) Sales to purveyors of meals by wholesalers who bought the fish at prices based on Column E of Table IA—the price listed in Column E of Table IA (section 10.1) plus one cent.

(iii) All other sales—the applicable table price for sales to wholesalers.

(2) Where a customer takes delivery of more than 500 pounds of any one species of fresh fish on any one day at the seller's place of business or other distribution point, the maximum price for the sale of such fish is the applicable table price for sales to wholesalers plus all applicable allowances.

[Paragraph (c) amended by Am. 3, 10 F.R. 4036, effective 4-12-45; Am. 5, 10 F.R. 4536, effective 4-25-45; and Am. 8, 10 F.R. 9432, effective 8-15-45 (effective date of Am. 8 amended by Am. 9, 10 F.R. 9830, effective 8-7-45)]

(d) Maximum prices for sales by retailer-owned cooperative wholesalers. A retailer-owned cooperative wholesaler is a wholesaler who is either a non-profit organization or a corporation of which 51 percent or more of the stock is owned by its retail customers. The maximum price for a sale by such wholesaler to an affiliated retail store is the price computed pursuant to paragraph (b) less one cent. (The maximum price for a sale by such wholesaler to any person other than an affiliated retail store is the price computed pursuant to paragraph (b)).

(e) Allowances yenerally. No allowance provided by sections 2.9 through 2.12 of this article may be added by a seller to his table price for any sale unless he separately states that allowance on an invoice to his customer,

Sec. 2.5 Primary fish shipper sales—
(a) What a primary fish shipper sale is. A primary fish shipper sale is a sale of fresh fish by a wholesaler who bought such fish from a producer, or from a distributor (other than a producer, wholesaler, or retailer) who in turn bought or received it from a producer. The term also includes a sale from his established place of business by a producer who is also a wholesaler (see section 2.2 (d)).

- (ii) If the sale does not fall within subdivision (i)—the price listed in column F of Table IA (section 10.1).

Sec. 2.6 Port sales—(a) What a fort sale is. A port sale is a wholesale sale, other than a primary fish shipper sale, of fresh fish which was imported into the United States or landed at a point in Maine, New Hampshire, Massachusetts, Connecticut or Rhode Island, which sale involves delivery at or from a place within any of those states and in the case of domestic fish from a place within 50 miles from the point at which the fish was landed. The term "port sale" also includes a wholesale sale, other than a primary fish shipper sale, which involves delivery at or from a place within a "port area" established for the species sold and the time of sale, by the Administrator, or by order pursuant to paragraph (b). The seller is called a "port wholesaler" with respect to a port sale.

(b) Regional designation of port areas. Any regional office of the Office of Price Administration, or any other office which is authorized by the appropriate regional office to do so, may by order designate as a port area for any species and period of time, any area within its jurisdiction in which a substantial volume of that species is landed or to which a substantial volume is shipped by producers.

(ii) If the sale does not fall within subdivision (i)—the prices listed in column

F of Table IA (section 10.1).

(b) Certain sales to retailers and purreyors of meals at Column G prices. Notwithstanding the provisions of paragraph (a), the table price for a sale of fresh fish by a wholesaler, other than a primary fish shipper or a port wholesaler, to a retailer or purveyor of meals, is the price listed in column G of Table IA (section 10.1), Provided, That such wholesaler bought such fish through a properly qualified inland warehouse sale or from the domestic established place of business of another wholesaler who is not a primary fish shipper, importer or port wholesaler, and, during the year preceding the issuance date of this regulation he purchased 80 percent or more of the fish of that species which he handled from such inland warehouse or domestic wholesalers other than primary fish shippers, importers and port wholesalers, and the sale is made to a purveyor of meals or to a retailer who is classified as a Group I or II retailer under Revised Maximum Price Regulation No. 507. However, a wholesaler, selling from an established place of business more than 75 air miles from the Fulton Fish Market, New York City and outside Long Island, may not sell fish transported to him from New York City at prices based on those listed in column G. A processing wholesaler who pur-chases fresh fish other than fillets which he processes into fillets may not sell such fillets pursuant to this paragraph (b),

(c) Sales to retailers at Column G prices on permission of district offices. Any district office of the Office of Price Administration may, on application, grant permission by order to any wholesaler within its jurisdiction who qualifies to sell fresh fish of any species pursuant to paragraph (b), to sell fish of the same species at the same price to such group 3 and 4 retailers as it may designate. The application shall contain the names and addresses of all group 3 and 4 stores to which the applicant is currently making sales. Such permission shall be granted if in the judgment of the district office it is necessary to secure a proper distribution of fish. Revised Procedural Regulation No. 1 shall apply to such application for adjustment.

(d) Sales of more than 500 pounds to a customer delivered in lots of 500 pounds or less. Where a sale is made pursuant to paragraph (b) or (c) of this section but the wholesaler sells or delivers more than 500 pounds of any one species of fresh fish to the customer on any one day, the table price for that part of such fresh fish which is shipped or delivered to any place of business or other distribution point of the customer in lots totalling 500 pounds or less in any one day is the appropriate table price provided in section 2.7 (a). The table prices in paragraphs (b) and (c) do not apply to such sales.

Sec. 2.7a Importer sales. (a) An importer sale is a sale of fresh fish which the seller (including the agent of a foreign shipper) imported into the United States. It also includes sales by a whole-saler or any other person of imported fish which he bought from an importing distributor (other than a wholesaler or retailer). SEC. 2.8 Sales to ultimate consumers. The maximum price for a sale of fresh fish to an ultimate consumer by a producer is the price listed in column B of Table IA (section 10.1) plus the mark-up over that price, provided by Revised Maximum Price Regulation No. 507 for group 3 and group 4 retail stores. The maximum price for a sale of fresh fish to an ultimate consumer by any person other than a producer, who buys the fish for resale and sells 50 percent or more of it to persons other than ultimate consumers, is either the price listed in column B of Table IA (section 10.1), plus all applicable allowances, or his supplier's table price on the sale to him plus all applicable allowances, plus the mark-up over the total thus obtained provided by Revised Maximum Price Regulation No. 507 for group 3 and group 4 retail stores. (The maximum price for a sale to an ultimate consumer by a person who buys fresh fish and resells more than 50 percent of it to ultimate consumers is fixed by Revised Maximum Price Regulation No. 507.)

Sec. 2.9 Delivery allowance—(a) Basic allowance. Where a wholesale sale is made to a retailer or purveyor of meals, and the fresh fish is delivered by the seller in his own motor truck or wagon, or in a motor truck or wagon used solely for his own deliveries, to the retailer's individual store or to the place of business of the purveyor of meals, the seller may add 1½ cents to his table price.

(b) Additional mileage allowance. Where a delivered sale by a wholesaler for which an allowance is made by paragraph (a) is made to an individual retail store or place of business of a purveyor of meals, which is located more than 25 air miles from the seller's point of shipment, the seller may add to his table price, in addition to the allowance provided in paragraph (a), the appropriate charge listed below:

SEC. 2.10 Custom dressing allowance.
(a) Where a wholesale sale is made to a purveyor of meals of custom-dressed fresh fish (that is, of fish with the head, entrails, scales and fins removed), the

seller may add 3 cents per pound to his table price for the dressed fish. If the applicable table lists a price for round fish but not for dressed fish, the dressed fish price is deemed to be 40 percent more than the listed round fish price. If the applicable table lists a price for drawn fish but not for round or dressed fish, the dressed fish price is deemed to be 25 percent more than the listed drawn fish price. No charge shall be made for any other customary services performed by the seller, such as slicing, removing collar bone, wrapping, etc.

SEC. 2.11 Transportation allowance—
(a) General. The allowances provided by this section for transportation costs do not apply to local trucking, hauling, or handling charges, for which no charge may be made. No allowance taken for transportation costs pursuant to this section may exceed the common carrier rate from shipping to receiving points. Where a wholesaler further processes the fresh fish he receives before he sells it, he may add to his table price for the processed fish an amount which will enable him to recover the full allowance provided by this section for his incoming transportation.

(b) Wholesaler's or other distributor's incoming transportation. Any wholesaler, or other distributor covered by section 1.2, who buys fresh fish from another domestic wholesaler may add to his table price the actual cost of the transportation of such fish from his seller's shipping point to his receiving point.

(c) Wholesaler's transportation to branch warehouse. A wholesaler who ships fish from his place of business to his warehouse or other distribution point which is remote from that place of business, and which is not in a port area for that species, may add to his table price the actual cost of transportation from his place of business to that warehouse or other distribution point.

(d) Importer's incoming transportation—(1) General rule. An importer may add to his table price as a transportation allowance the smallest of the following:

(i) The actual transportation cost from the foreign shipper's shipping point to the importer's receiving point.

(ii) The actual transportation cost to the importer's receiving point from the point at which the fish entered the United States or the carload rail rate from the point in the United States nearest the foreign shipper's shipping point, whichever is designated by the importer;

(iii) The transportation cost for the type of shipment used to the importer's receiving point from Boston.

(2) Atlantic salmon. Notwithstanding the provisions of subparagraph (1), an importer of fresh Atlantic salmon (Schedule No. 23) may add to his table price as a transportation allowance the actual transportation cost from the foreign shipper's shipping point to the importer's receiving point.

Duty may be added to the table prices for imported fresh Atlantic salmon. Any seller who processes this fish may add to his table price the amount which will enable him to recover the full amount of

the duty paid for the particular lot of fish involved in the processing.

[Paragraph (d) amended by Am. 4, 10 F.R. 4348, effective 4-28-45]

(e) Allowance paid by purchasing wholesaler. A purchasing wholesaler who has paid to his domestic supplier an allowance for transportation costs pursuant to paragraphs (b), (c) or (d), may add that allowance to his table price.

(f) Authorization to regional offices to fix transportation allowances. Any regional office of the Office of Price Administration, and such other offices as may be authorized by the appropriate regional office, may by order determine and fix for any area or locality within its jurisdiction, a transportation allowance applicable to any species of fresh fish or seafood. The allowance shall be ascertained by reference to the principal source or sources from which the particular species is shipped to the area or locality and the method of trans-portation generally used. The transportation allowance thus fixed shall be used by all wholesalers in lieu of the actual transportation cost, in determining their maximum price for the sale, in the area or locality, of the designated species of fresh fish or seafood. The transportation allowances may be made effective for such time as the appropriate office finds proper, and may be changed from time to time to reflect changes in the principal sources of designated species of fish or seafood or methods of shipment which occur in the regular course of business. In determining the maximum prices for sales of fresh fish and seafood in any area or locality for which a transportation allowance is not established, wholesalers shall add actual transportation cost as provided in paragraph (a) of this section. Any transportation allowance established pursuant to the provisions of this paragraph shall have the same force and effect as if specifically established in this regulation.

SEC. 2.12 Container allowances—(a) Sales by primary fish shipper—(1) Fish other than fillets and steaks. A primary fish shipper may add to his table price for a sale in a container of fresh fish other than fillets or steaks, an outgoing container allowance in the applicable amount listed in paragraph (e), but only if the container is not returned to him.

A primary fish shipper who paid the producer the allowance provided by section 2.2 (b) for fresh fish which the producer boxed or barreled and shipped may add to his table price for a sale of such fish to a retailer or purveyor of meals the allowance in the amount provided in paragraph (e) for the container in which he received the fish, Provided. That such fish is sold without a container or the primary fish shipper is otherwise not entitled to any other container allowance provided in this section 2.12.

[Subparagraph (1) amended by Am. 4, 10 F.R. 4348, effective 4-28-45]

(2) Fillets or steaks. A primary fish shipper may add to his table price for a sale of fillets or steaks an allowance for the immediate container in which he sells them in the applicable amount listed in paragraph (e). If the sale involves transportation to the buyer other than local trucking, hauling or handling, he may also add to his table price an allowance for an outgoing outer container in the applicable amount listed in paragraph (e), but only if he is not entitled to a delivery allowance for the sale under section 2.9, and if the outer container is not returned to him.

(3) Inland warehouse sales. This paragraph (a) does not apply to a sale by a primary fish shipper from his inland warehouse pursuant to section 2.5 (c). For the purposes of this section, such a sale is treated as a sale made by a wholesaler other than a primary fish shipper.

(b) Sales by a wholesaler other than a primary fish shipper who paid no container allowance. A wholesaler other than a primary fish shipper who paid no container allowance authorized by this section on his purchase of fresh fish, may add to his table price for sales of that fish the applicable allowance for his outgoing container provided by paragraph (a) for sales by a primary fish shipper.

(c) Sales by a wholesaler other than a primary fish shipper who paid a container allowance—(1) Incoming container allowance. A wholesaler other than a primary fish shipper, who purchased fresh fish in a container (or containers in the case of fillets or steaks) and paid a container allowance authorized by paragraph (a) or (b) of this section, may pass on that allowance as an addition to his table price for sales of that fish. A subsequent wholesaler may pass on, as an addition to his table price for a sale of fresh fish, any container allowance authorized by this section which he paid when he purchased that fish. This is called the wholesaler's "incoming container allowance". such wholesaler processes that fish into fillets or steaks, or sells it custom-dressed to purveyors of meals, he may add as his incoming container allowance an amount which will enable him to recover the full authorized allowance paid by him when he purchased the fish, but no more than 3 cents for sales of fillets or 2 cents for sales of steaks or custom-dressed fish.

(2) Outgoing container allowance for sales of fish other than fillets or steal:s. For a sale in a container of fresh fish of any species, other than fillets or steaks, by a port wholesaler (not including a primary fish shipper) to a purveyor of meals, or by a wholesaler, other than a primary fish shipper or port wholesaler, to a retailer or purveyor of meals, the seller may add to his table price, in addition to the incoming container allowance provided by subparagraph (1), an outgoing container allowance in the applicable amount listed in paragraph (e), Provided, That:

(i) The sale involves transportation to the buyer other than local trucking, hauling or handling; and

(ii) The seller bought that fish in containers of 100 pounds or more of that species; and

(iii) He sells and ships no more than 80 pounds of fresh fish of that species (exclusive of fillets or steaks) to that

customer on the day of such sale and shipment; and

(iv) He is not entitled to a delivery allowance for that sale under section 2.9.

(3) Outgoing immediate container allowance for cales of fillets, or steaks by processing wholesalers. A processing wholesaler is a wholesaler who purchases fresh fish, other than fillets or steaks, which he processes into fillets or steaks for resale. A processing wholesaler, other than a primary fish shipper, may add to his table price for fillets or steaks processed by him, in addition to the incoming container allowance provided by subparagraph (1), an allowance for the immediate container in which he sells those fillets or steaks, in the applicable amount listed in paragraph (e), if that container is not returned to him.

(4) Outgoing outer container allow-ance for cales of fillets or steaks by processing wholesaler. A processing wholecaler, other than a primary fish shipper, may add to his table price for sales of fillets or steaks processed by him, in addition to the allowances provided by subparagraphs (1) and (3), an allowance for his outgoing outer container, in the applicable amount listed in paragraph (e), Provided, That:

(i) The sale involves transportation to the buyer other than local trucking, hauling or handling; and

(ii) The seller is not entitled to a delivery allowance for that sale under section 2.9; and
(iii) The outer container is not re-

turned to the seller.

However, the total of the allowances added to the seller's table price under subparagraph (1) (incoming container allowance) and this subparagraph (outgoing outer container allowance) may not exceed 3 cents for sales of fillets or 2 cents for sales of steaks.

(5) Outgoing outer container allowance for sales of fillets by a non-processing wholesaler. A wholesaler other than a primary fish shipper, who purchased fillets or steals and paid on such purchase pursuant to paragraph (a) or (b), an immediate container allowance but no outer container allowance, may add to his table price for sales of such fillets or steaks, in addition to the incoming container allowance provided by subparagraph (1), an allowance for his outer outgoing container in the applicable amount listed in paragraph (e), Pro-

vided, That:
(i) The sale involves transportation to the buyer other than local trucking, hauling or handling; and

(ii) The seller is not entitled to a delivery allowance for that sale under sec-

tion 2.9; and
(iii) The outer container is not returned to the seller.

(d) Special package shipment to outlying country points. Where a wholesaler packs fresh fish with dry ice, and ships such fish by common carrier to individual retail stores or purveyors of meals located in outlying rural areas, he may add to his table price the actual cost of any special outer shipping Case and dry ice used, the total not to exceed 2 cents per pound: Provided, That he adds no other outgoing container allowances provided in this section 2.12 except an allowance for the outgoing immediate container (where such is permitted) in the case of fillets and steaks.

(e) Container prices.

[Paragraphs (d) and (e) amended by Am. 4, 10 F.R. 4348, effective 4-28-45]

(f) Authorization to regional offices to fix container allowances. Any regional office of the Office of Price Administration, or such other office as may be authorized by the appropriate regional office, may by order determine and fix for any area or locality within its jurisdiction a container allowance applicable to such types of sales of such species and styles of dressing of fresh fish or seafood as it may designate. The allowance shall be ascertained by reference to the principal type or types of containers in which such fish is handled in that area or locality and the principal source or sources of supply for that area or locality. The container allowance thus fixed shall be used by all wholesalers in that area or locality in lieu of the container allowances provided by this section, for sales of the designated species and styles of dressing to such classes of purchasers within the jurisdiction of the said office as it may designate. Such allowance may be made effective for such time as the appropriate office finds proper, and may be changed from time to time to reflect changes in the types of containers used and the sources of supply which occur in the regular course of business. For sales in any area or locality for which a container allowance is not established, wholesalers shall add the appropriate container allowances provided by paragraphs (a) through (d) of this section. Any container allowance established pursuant to this paragraph shall have the same force and effect as if specifically fixed by this regulation.

Table IB (North Atlantic species) lists only species which are primarily landed and frozen at North Atlantic ports. (All frozen fish and seafood of any species and style of dressing listed are included. even though they are occasionally landed or frozen elsewhere. Frozen fish and seafood primarily landed and frozen in other areas, such as halibut, are not included, even though they arc occasionally landed and frozen at North Atlantic ports.)

(b) Frozen fish. As used in this article, the words "frozen fish" mean all frozen fish and seafood of the species and styles of dressing listed in Table IB of section 10.1, unless the context indicates otherwise.

SEC, 3.2 Maximum prices for sales by processors and wholesalers—(a) Maximum prices. The maximum price for any sale of frozen fish by a processor (defined in section 3.3) or a wholesaler (defined in section 3.4) is the table price provided for that sale (by sections 3.3 through 3.7), plus all applicable allowances (provided by sections 3.9 through 3.13), and plus or minus any applicable differentials (provided by section 3.12 (a)). If this article does not specifically provide a table price for the sale, the maximum price is the lowest table price provided by this article for any sale by that seller, plus all applicable allowances, and plus or minus any applicable differential.

(b) Maximum prices for sales of lots of more than 500 pounds. (1) The maximum price for sales of frozen fish, which is delivered or shipped to any place of business or other distribution point of the customer in lots totalling more than 500 pounds of any one species in any one day, is the table price provided in the following subdivisions plus all applicable allowances and plus or minus any applicable differentials:

Sec. 3.3 Sales by processors—(a) What a processor is. A "processor" of frozen fish is a person who owns the frozen fish before it leaves the original

(b) What a secondary processor is. A "secondary processor" with respect to frozen fish of any species, is a person other than a producer or producer-

wholesaler (defined in section 2.2), of fresh fish of that species, or a primary processor of frozen fish of the same species, who freezes fresh fish which he purchased, pursuant to Article II, at the table price listed in column B of Table IA (section 10.1) or higher, and who normally purchases 80 percent or more of the fresh fish of that species which he freezes at the table price listed in column B of Table IA (section 10.1) or higher. He is a secondary processor only with respect to fish of that species purchased at such prices which he freezes. The term also includes a person, other than a primary processor of the same species, who acquires such frozen fish from such secondary processor before the fish leaves the original freezer.

(c) What a primary processor is. A processor of any frozen fish who falls to fill the requirements of paragraph (b) with respect to that frozen fish, is a primary processor of that frozen fish. A person who is a primary processor with respect to more than 20 percent of the frozen/fish of any species which he sells, is considered, for the purposes of this regulation, a primary processor with respect to all the frozen fish of that species which he sells.

(d) Table prices for sales by a primary processor. The table price for a sale of frozen fish by a primary processor, other than a sale covered in paragraph (e), is as follows:

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in column I of Table IB (section 10.1).

(2) To a retailer or purveyor of meals—the price listed in column II of

Table IB (section 10.1). (e) Inland warehouse sales by a primary processor. Where a primary processor ships frozen fish to a warehouse, which is (i) remote from the original freezer, (ii) not within any of the States of Maine, New Hampshire, Massachusetts, Connecticut, or Rhode Island, and (iii) at which warehouse he has two or more fulltime employees stationed and engaged in selling frozen fish and performing related services for him exclusively, and he sells and distributes such frozen fish from the stock of that warehouse in less-than-carload lots, his table prices for such sales are the prices listed below: Provided, however, That during the greater portion of the year preceding April 13, 1943 he received frozen fish of the same species at that warehouse, for the most part in carload lots, or as a portion of a whole carload lot including other species, and sold and distributed it from there for the most part in lessthan-carload lots:

(1) To a wholesaler, chain-store warehouse, or retailer-owned cooperative wholesaler-the price listed in column III of Table IB (section 10.1) but only if such fish was received at the warehouse in carload lots, or as a portion of a whole carload lot including other species.

(ii) If the sale is not covered by subdivision (i) the price listed in column IV of Table IB (section 10.1).

(ii) If the sale is not covered by subdivision (1)—the prices listed in column IV of Table IB (section 10.1).

SEC. 3.4 Wholesale sales generally—(a)-What "wholesale sales" and "wholesales" are. A person other than a processor who buys frozen fish for resale, and sells more than 20 percent of it to persons other than ultimate consumers, is a "wholesaler" with respect to all his purchases (including his purchases of fish which he sells at retail). His sales of that fish are "wholesale sales", and he is a "wholesaler" with respect to those sales, if:

(1) He sells and distributes the greater part of such fish from the stock of his domestic established place of business; or

(2) He has no established place of business, and he sells and delivers such fish to a retailer or purveyor of meals, without advance order, from the stock of his motor truck or wagon in which he delivers it to the retailer's individual store or to the place of business of the purveyor of meals. (This type of wholesale sale is called a wagon jobber sale. The seller is a wagon jobber with respect to such sale.)

With the exception of the wagon jobber sale, however, if the seller does not sell and distribute the greater part of his fish from the stock of his domestic established place of business, he is not a wholesaler, but is a distributor whose sales are covered by section 1.2, or in the case of an importing distributor by section 3.5. (For the purposes of this article a seller's "established place of business" includes a cold storage warehouse, other than the original freezer, in which

the seller rents space and stores his fish.)

Sec. 3.5 Importer sales. (a) An importer sale is a sale of frozen fish which the seller (including the agent of a foreign shipper) imported into the United States. It also includes sales by a wholesaler or any other person of imported fish which he bought from an importing distributor (other than a wholesaler or retailer). Such a seller is an importer with respect to such sales. The maximum prices for such sales are the table prices established for sales by primary processors plus all applicable allowances (provided by sections 3.9 through 3.13) and plus or minus any applicable differentials (provided by section 3.12 (a)).

(b) Inland warehouse sales. Where an importing wholesaler receives imported frozen fish at his domestic established place of business and ships such fish to another warehouse in less-thancarload lots or in carload lots which he assembled at his domestic established place of business, and such other warehouse and sales from it meet the qualifications set out in section 3.3 (e) (Inland warehouse sales by a primary processor), the maximum prices for such sales are the table prices established by that section plus all applicable allowances and plus or minus any applicable differentials.

Scc. 3.6 Primary distributor sales-(a) What a primary distributor sale is. A sale by a wholesaler (other than an importer sale) to another wholesaler, chain-store warehouse or retailer-owned cooperative of frozen fish purchased frozen in carload lots or as a portion of a whole carload lot including other species, and distributed in the United States in less-than-carload lots, is a primary distributor sale: Provided, however, That the seller handled the same species of frozen fish during the year preceding April 13, 1943 and during the greater part of that year bought in carload lots or as a portion of a whole carload lot including other species the greater portion of that species which he handled, and he distributed from an established place of business in the United States the greater portion in less-thancarload lots. The seller is called a primary distributor with respect to such

[Paragraph (a) amended by Am. 5, 10 F.R. 4536, effective 4-25-45]

(b) Table price. The table price for a primary distributor sale is the price listed in column III of Table IB (section 10.1).

Sec. 3.7 Wholesale sales not covered by sections 3.5 and 3.6—(a) Table prices. The table price for a wholesale sale of frozen fish which is not covered by section 3.5 or 3.6 is as follows (but see paragraph (b)).

(1) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the prices listed in column I of Table IB (section 10.1).

(2) To a retailer:

(i) By a retailer-owned cooperative wholesaler to an affiliated retail store—the price listed in column IV of table IB (section 10.1) minus one cent. (A re-

tailer-owned cooperative wholesaler is a wholesaler who is either a non-profit organization or a corporation of which 51 percent or more of the stock is owned by its retail customers.)

(ii) By a wholesaler except as provided in the immediately preceding subdivision (i)—the price listed in column

IV of Table IB.

(3) To a purveyor of meals:

(f) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 3.9—the prices listed in column IV of Table IB (section 10.1) plus 1/2 cent.

(ii) If the sale is not covered by subparagraph (i)—the prices listed in column IV of Table IB (section 10.1).

- (b) Certain sales to retailers and purveyors of meals at Column V prices. Notwithstanding the provisions of paragraph (a), a wholesaler who purchases frozen fish from a primary distributor, or from an inland warehouse of a processor or importer pursuant to section 3.3 (e) or section 3.5 (b) may sell that fish to retailers or purveyors of meals at the following table prices:
 - (1) To a retailer:
- (i) If the seller is a retailer-owned cooperative wholesaler (defined in paragraph (a) (2) (i))—selling to an affiliated retail store—the prices listed in column V of Table IB (section 10.1) minus one cent.
- (ii) If the seller is not a retailer-owned cooperative wholesaler—the price listed in column V of Table IB (section 10.1).

(2) To a purveyor of meals:

(f) If the sale involves transportation to the buyer other than local trucking, hauling or handling, or if the seller is entitled to a delivery allowance for the sale under section 3.9—the price listed in column V of Table IB (section 10.1) plus ½ cent.

(ii) If the sale is not covered by subdivision (i)—the price listed in column V of Table IB (section 10.1).

Sec. 3.8 Sales to ultimate consumers. The maximum price for a sale of frozen fish to an ultimate consumer by a proceccor, or by an importer-wholesaler who is a primary processor of fish of the same species, is the price listed in column I of Table IB (section 10.1), plus all applicable allowances, plus the mark-up over the total thus obtained provided by Revised Maximum Price Regulation No. 507 for group 3 and group 4 retail stores. The maximum price for a sale of frozen fish to an ultimate consumer by any person other than a processor, who buys frozen fish for resale and sells 50 percent or more of it to persons other than ultimate consumers, is either the price listed in column I of Table IB (section 10.1) plus all applicable allowances. or his supplier's table price on the sale to him plus all applicable allowances, plus the mark-up over the total thus obtained provided by Revised Maximum Price Regulation No. 507 for group 3 and group 4 retail stores. (The maximum price for a sale to an ultimate consumer by a person who buys frozen fish and recells more than 50 percent of it to ultimate consumers is fixed by Revised Maximum Price Regulation No. 507.)

SEC. 3.9 Delivery allowance—(a) Basic allowance. Where a wholesale sale or a sale by a processor is made to a retailer or purveyor of meals, and the frozen fish is delivered by the seller in his own motor truck or wagon, or in a motor truck or wagon used solely for his own deliveries, to the retailer's individual store or to the place of business of the purveyor of meals, the seller may add 1½6 to his table price.

[Paragraph (a) corrected, 10 F.R. 4035, effective 4-18-45]

(b) Additional mileage allowance. Where a delivered sale by a processor or a wholesaler for which an allowance is provided by paragraph (a) is made to an individual retail store or place of business of a purveyor of meals, which is located more than 25 air miles from the seller's place of business, the seller may add to his table price, in addition to the allowance provided in paragraph (a), the appropriate charge listed below.

×	Allowance

26 to 75 miles		1/2
76 to 150 miles		3/4
151 to 250 miles		٦

SEC. 3.10 Custom dressing allowance. (a) Where a wholesale sale or a sale by a processor is made to a purveyor of meals of custom-dressed frozen fish (that is, of fish with the head, entrails, scales and fins removed), the seller may add 3 cents per pound to his table price for the dressed fish. If the applicable table lists a price for round fish but not for dressed fish, the dressed fish price is deemed to be 40 percent more than the listed round fish price. If the applicable table lists a price for drawn fish but not for round or dressed fish, the dressed fish price is deemed to be 25 percent more than the listed drawn fish price. No charge shall be made for any customary services performed by the seller, such as slicing, removing collar bone, wrapping, etc.

Sec. 3.11 Transportation allowances—(a) General. The allowances provided by this section for transportation costs do not apply to local trucking, hauling or handling charges, for which no charge may be made. No allowance taken for transportation costs pursuant to this section may exceed the common carrier rate from shipping to receiving points.

(b) (1) Incoming fresh fish transportation for processors. If a primary or secondary processor freezes fish in a place, which is remote from the place where that fish was landed, he may add to his table price the per pound transportation costs, not to exceed the carload rail freight rate per pound for fresh fish (if such rate is available) from the nearest port where that species is landed, ex-vessel.

[Above paragraph designated subparagraph (1), and (2) added by Am. 6, 10 F.R. 5905, effective 5-22-45]

[Subparagraph (d) amended by Am. 4, 10 F.R. 4348, effective 4-28-45]

Any processor, wholesaler, or other distributor, not including an importer, who ships frozen fish from one of his warehouses or to his distribution point which is remote from his shipping point and from the original freezing point, may add to his table price for frozen fish distributed from or at that remote warehouse, or other distribution point, the transportation cost from the shipping point nearest the first warehouse to such remote warehouse or other distribution point,

(f) Allowance paid by purchasing wholesaler. A purchasing wholesaler who has paid to his domestic supplier a transportation allowance authorized by paragraphs (a), (b), (c), (d), or (e) may add that allowance to his table price.

(g) A wholesaler who further processes the frozen fish he receives before he sells it, may add to his table price for the processed fish an amount which will enable him to recover the full incoming transportation allowance provided by paragraph (c), (d) or (f).

(h) Mileage allowance for wholesalers. Any wholesaler of frozen fish may add to his table price for sales to retailers and purveyors of meals 25 percent of the carload freight charge from Boston to his receiving point.

(i) Authorization to regional offices to fix transportation allowances. Any regional office of the Office of Price Administration, and such other offices as may be authorized by the appropriate regional office, may by order determine and fix for any area or locality within its jurisdiction, a transportation allowance applicable to any species of frozen fish or seafood. The allowance shall be as-certained by reference to the principal source or sources from which the particular species is shipped to the area or locality and the method of transportation generally used. The transportation al-lowance thus fixed shall be used by all wholesalers in lieu of the actual transportation cost, in determining their maximum prices for the sale, in the area or locality, of the designated species of frozen fish or seafood. The transportation allowance may be made effective for such time as the appropriate office finds proper, and may be changed from time to time to reflect changes in the principal sources of designated species of fish or seafood or methods of shipment which occur in the regular course of business. In determining the maximum prices for sales of frozen fish and seafood in any area or locality for which a transportation allowance is not established, wholesalers shall add actual transportation cost as provided in paragraph (a) of this section. Any transportation allowance established pursuant to the provisions of this paragraph shall have the same force and effect as if specifically established in this regulation.

Sec. 3.12 Container differentials and allowances—(a) Generally. The table prices established by this article for sales of frozen fish include an allowance for the usual containers in which the fish is packed. This section sets forth the amount which may be added to, or which must be subtracted from, those table prices when the frozen fish is not packed in containers or is packed in containers of the sizes and kinds herein listed.

However, no allow-? ance may be added under this paragraph for a sale of fillets or steaks.

(c) Special package shipments to outlying country points. ARTICLE IV—FRESH FISH AND SEAFCOD (PACIFIC COAST SPECIES)

Sec. 4.1 General provisions—(a) Scope of this article. This article sets maximum prices for sales by producers and wholesalers of certain species of fresh fish and seafood listed in Table IIA of section 10.1. Table IIA (Pacific Coast Species) lists only species which are primarily landed at Pacific Coast ports. (All fresh fish and seafood of any species listed are included, even though they are occasionally landed elsewhere. Fresh fish and seafood primarily landed in other areas, such as shrimp, are not included, even though they are occasionally landed at Pacific Coast ports).

(b) Unlisted styles of dressing and sizes. Where a species of fresh fish (not including seafood) listed in Table IIA is sold in a style of dressing not listed in Table IIA the table price for that style of dressing is the lowest price listed in Table IIA for any style of dressing for that particular species. For the purposes of this paragraph, "round" is a style of dressing. Where a species of fresh fish or seafood listed in Table IIA is sold in a size not listed in Table IIA, the table price for that size is the price listed for the lowest priced size of that species.

(c) Fresh fish. As used in this article, the words "fresh fish" mean all fresh fish and seafood of the species listed in Table IIA of section 10.1, unless the context indicates otherwise.

Sec. 4.2 Sales by producers—(a) What a producer is. A "producer" is a fisherman or any other person who is allied with him in the catching or landing of fish, or who sells or delivers, at a port of entry or at any other place, fresh fish which he bought and received on a vessel owned or hired by him. A person who is a producer with respect to fresh fish listed in any schedule, is treated as a producer with respect to all the fresh fish listed in that schedule which he handles.

(b) Maximum prices for producers' cales. The maximum price for a sale of fresh fish, ex-vessel or otherwise, by a producer who is not also a wholesaler (see paragraph (d)), to any person otherthan an ultimate consumer, is the price listed in Column A of Table IIA (section 10.1) for that species and month. However, if such producer ships his fish by common carrier, or by other means of transportation, not including local trucking, hauling or handling and boxes or barrels his fish for such shipment in containers which are not returned to

him, he may add one cent to the price listed in Column A. War risk insurance premiums may be paid in addition to the listed maximum prices for those species of fish and in those localities where such premiums have customarily been paid by purchasers of fish.

(c) Regional adjustments of producers' prices. The provisions in section 2.2 (c) as now or hereafter amended, applicable to fresh fish prices in Table IA. are hereby made applicable to fresh fish

prices in Table IIA.

(d) Sales by producers who are also wholesalers. If a producer sells and distributes his fish from the stock of his established place of business, and also sold and distributed fish from the stock of his established place of business for the substantial portion of the year prior to July 13, 1943, he is a wholesaler with respect to such sales. Those sales are primary fish shipper sales, and are covered by section 4.5.

SEC. 4.3 Sales to canners. The maximum price for a sale of fresh fish to a canner by any person is the price established by section 4.2 for a sale by a producer (other than a producer-wholesaler).

Sec. 4.4 Maximum prices for wholesale sales-(a) What "wholesaler" and 'wholesale sales" are. A person, other than a producer, who buys fresh fish for resale and sells more than 20 percent of it to persons other than ultimate consumers, is a "wholesaler" with respect to all his purchases (including his purchases of fish which he sells at retail). A sale by such person is a "wholesale" sale, and the seller is a "wholesaler" with respect to such sale if:

(1) He sells and distributes at least 80 percent of the fresh fish he handles from the stock of his domestic established place of business (i) in which such fish has been unloaded and warehoused (ii) at which he maintains fulltime em-ployees for the purpose of handling and packing fish exclusively for him, or

(2) The fish is sold and delivered to a retailer or a purveyor of meals, without advance order, from the stock of the seller's motor truck or wagon in which he delivers it to the retailer's individual store or to the place of business of the purveyor of meals, and the seller has no established place of business. (This type of wholesale sale is called a wagon jobber sale, and the seller is called a wagonjobber with respect to such sales).

With the exception of the wagon jobber sale, however, if the seller does not sell and distribute at least 80 percent of his fresh fish from the stock of his domestic established place of business as provided in subparagraph (1) of this section he is not a wholesaler but is a distributor whose sales are covered by section 1.2 or 4.7a in the case of an importing distributor or 4.7b in the case of a distributor buying from a primary fish shipper or port wholesaler.

(b) Maximum prices for wholesale sales. The maximum price for a wholesale sale of fresh fish (other than a sale to an affiliated retail store by a retailerowned cooperative wholesaler) is the table price provided by Article X for that sale (section 10.1) plus all applicable alIowances. If Article X does not specifically provide a table price for the sale, the maximum price is the lowest table price provided by Article X for any sale by that seller, plus all applicable allowances.

(c) Maximum prices for sales of lots of more than 500 pounds.-(1) The maximum price for sales (except primary fish shipper or port sales to distributors other than wholesalers, retailers or purveyors of meals) of fresh fish which is delivered or shipped to any place of business or other distribution point of the customer in lots totalling more than 500 pounds of any one species in any one day is the table price provided in the following subdivisions (i), (ii) and (iii) plus all applicable allowances:

(i) Sales to purveyors of meals by port wholesalers (other than primary fish shippers)—the price listed in Column B of Table IIA (section 10.1) plus one cent.

(ii) Sales to purveyors of meals by wholesalers who bought the fish at prices based on Column E of Table IIA—the price listed in Column E of Table IIA (section 10.1) plus one cent.

(iii) All other sales—the applicable o table price for sales to wholesalers.

(2) Where a customer (except a distributor other than a wholesaler, retailer or purveyor of meals) takes delivery of more than 500 pounds of any one species of fresh fish on any one day at the seller's place of business or other distribution point the maximum price for the sale of such fish is the applicable table price for sales to wholesalers plus all applicable allowances.

(d) Maximum prices for sales by retailer-owned cooperative wholesalers. A retailer-owned cooperative wholesaler is a wholesaler who is either a non-profit organization or a corporation of which 51 percent or more of the stock is owned by its retail customers. The maximum price for a sale by such wholesaler to an affiliated retail store is the price computed pursuant to paragraph (b) less one cent. (The maximum price for a sale by such wholesaler to any person other than an affiliated retail store is the price computed pursuant to paragraph (b)).

. (e) Allowances generally. No allowance provided by sections 4.9 through 4.12 of this article may be added by a seller to his table price for any sale unless he separately states that allowance on an

invoice to his customer.

SEC. 4.5 Primary fish shipper sales-(a) What a primary fish shipper sale is. A primary fish shipper sale is a sale of fresh fish by a wholesaler who bought such fish from a producer, or from a distributor (other than a producer, wholesaler or retailer) who in turn bought or received it from a producer. The term also includes a sale from his established place of business by a producer who is also a wholesaler (see section 4.2 (d)).

minus one cent.

(ii) If the sale does not fall within subdivision (i)—the price listed in Column C of Table IIA (section 10.1).

- (c) Inland warehouse sales. Where a primary fish shipper ships fresh fish from his domestic established place of business at which he received the fish to his warehouse (1) which is not within Alaska, the States of Washington, Oregon or California and (2) at which he maintains full-time employees for the purpose of handling and packing fish exclusively for him—the table price for a sale of fresh fish which has been unloaded into the warehouse and is sold and distributed from the stock of such warehouse is as follows:
- (i) To a wholesaler, chain store warehouse or retailer-owned cooperative wholesaler—the price listed in Column E of Table IIA (section 10.1);
- (ii) To a retailer—the price listed in Column F of Table IIA (section 10.1);

- (b) If the sale does not fall within subdivision (a)—the price listed in Column F of Table IIA (section 10.1).

Sec. 4.6 Port sales—(a) What a port sale is. A port sale is a wholesale sale, other than a primary fish shipper sale. of fresh fish where the sale falls within any of the following types (The seller is called a "port wholesaler" with respect to a port sale):

(1) A sale which involves delivery at or from a place other than San Francisco or Los Angeles, if such place is within 50 miles from a point where the fish was landed:

Such a seller is an importer with respect to such sales. The maximum prices for such sales are the table prices established for primary fish shipper sales plus all applicable allowances.

(b) Inland warehouse sales. Where an importing wholesaler ships imported fresh fish from his domestic established place of business at which he received the fish to his warehouse (1) which is not within Alaska, the States of Washington, Oregon or California and (2) at which he maintains fulltime employees for the purpose of handling and packing fish exclusively for him—the maximum prices for sales of fish which has been unloaded into the warehouse and is sold and distributed from the stock of such warehouse are the table prices established for inland warehouse sales (section 4.5(c)) plus all applicable allowances.

This article sets maximum prices for sales by processors and wholesalers of certain species of frozen fish and seafood listed in Table IIB of section 10.1. Table IIB (Pacific Coast species) lists only species which are primarily landed and frozen at Pacific Coast ports. (All frozen fish and seafood of any species and style of dressing listed are included, even though they are occasionally landed or frozen elsewhere. Frozen fish and seafood primarily landed and frozen in other areas, such as shrimp, are not included, even though they are occasionally landed and frozen at Pacific Coast ports.)

(b) Frozen fish. As used in this article, the words "frozen fish" mean all frozen fish and seafood of the species and styles of dressing listed in Table IIB of section 10.1, unless the context

indicates otherwise.

Sec. 5.2 Maximum prices for sales by processors and wholesalers—(a) Maximum prices. The maximum price for any sale of frozen fish by a processor (defined in section 5.3) or a wholesaler (defined in section 5.4) is the table price provided for that sale (by sections 5.3 through 5.8), plus all applicable allowances (provided by sections 5.9 through 5.13), and plus or minus any applicable differentials (provided by section 5.12) If this article does not specifically provide a table price for the sale, the maximum price is the lowest table price provided by this article for any sale by that seller, plus all applicable allowances, and plus or minus any applicable differential.

(b) Maximum prices for sales of lots of more than 500 pounds. (1) The maximum price for sales of frozen fish (other than primary processor's sales to certain distributors covered by section 5.3 (d) (2)) which is delivered or shipped to any place of business or other distribution point of the customer in lots totalling more than 500 pounds of any one species in any one day, is the table price provided in the following subdivisions plus all applicable allowances and plus or minus any applicable differential:

(i) Sales to purveyors of meals by wholesalers who bought the fish at prices based on Column III of Table IIB (section 10.1)—the price listed in Column III of Table IIB (section 10.1) plus one

(ii) All other sales—the applicable table price for sales to wholesalers.

(2) Where a customer takes delivery of more than 500 pounds of any one species of frozen fish on any one day at the seller's place of business or other distribution point, the maximum price for the sale of such fish is the applicable table price for sales to wholesalers plus all applicable allowances and plus or minus any applicable differential.

(c) Allowances generally. No allowance or differential (provided by sections 5.9 through 5.13) may be added by a seller to his table price unless it is separately stated on an invoice to his

customer.

SEC. 5.3 Sales by processors—(a) What a processor is. A "processor" of frozen fish is a person who owns the frozen fish before it leaves the original freezer.

- (b) What a secondary processor is. A "secondary processor" with respect to frozen fish of any species, is a person other than a producer or producerwholesaler (defined in section 4.2), of fresh fish of that species, or a primary processor of frozen fish of the same species, who freezes fresh fish which he purchased pursuant to Article IV at the table price listed in Column B of Table IIA (section 10.1) or higher, and who normally purchases 80 percent or more of the fresh fish of that species which he freezes at the table price listed in Column B of Table IIA (section 10.1) or higher. He is a secondary processor only with respect to fish of that species purchased at such prices which he freezes. The term also includes a person other than a primary processor of the same species, who acquires such frozen fish from such secondary processor before the fish leaves the original freezer.
- (c) What a primary processor is. A processor of any frozen fish who fails to fill the requirements of paragraph (b) with respect to that frozen fish, is a primary processor of that frozen fish.
- (2) A person who is a primary processor with respect to more than 20 per cent of the frozen fish of any species which he sells, is considered, for the purposes of this regulation a primary processor with respect to all the frozen fish of that species which he sells. However, he shall not be considered a processor with respect to such fish as he buys already frozen and which is shipped to him from a point more than 125 miles from his place of business.
- [Paragraph (c) amended by Am. 14, effective 11-26-45]

- (ii) Where the sale does not fall within subdivision (i)—the price listed in Column I of Table IIB (section 10.1) minus one cent.
- (3) To a retailer—the price listed in Column II of Table IIB (section 10.1).

(ii) If the sale is not covered by subdivision (i)—the price listed in Column

II of Table IIB (section 10.1).

- (e) Inland warehouse sales by a primary processor. Where a primary processor ships fish, frozen in the United States or Alaska, to a warehouse which is at least 250 miles away from the original freezer, not within Alaska, the States of Oregon, Washington or California and at which warehouse he has two or more full-time employees stationed and engaged in selling frozen fish and performing related services for him exclusively, and he sells and distributes such frozen fish from the stock of that warehouse in less-than-carload lots, his table prices for such sales are the prices listed below: Provided, however, That during the Provided, however, That during the greater portion of the year preceding April 13, 1943, he received frozen fish of the same species at that warehouse, for the most part in carload lots, or as a portion of a whole carload lot including other species, and sold and distributed it from there for the most part in lessthan-carload lots:
- (1) To a wholesaler, chain-store warehouse, or retailer-owned cooperative wholesaler—the price listed in Column III of Table IIB (section 10.1) but only if such fish was received at the warehouse in carload lots, or as a portion of a whole carload lot including other species.

(ii) If the sale is not covered by subdivision (i)—the price listed in Column IV of Table IIB (section 10.1).

SEC. 5.4 Wholesale sales generally—(a) What "wholesale sales" and "wholesalers" are. A person other than a processor who buys frozen fish for resale, and sells more than 20 percent of it to persons other than ultimate consumers, is a "wholesaler" with respect to all his purchases (including his purchases of fish which he sells at retail). His sales of that fish are "wholesale sales", and he is a "wholesaler" with respect to those sales, if:

(1) He sells and distributes at least 80 percent of the frozen fish he handles from the stock of his domestic established place of business (i) in which such fish has been unloaded and warehoused, (ii) at which he maintains fulltime employees for the purpose of handling and packing such fish exclusively for him, and (iii) from the stock of which he sells and distributes at least 20 percent of the frozen fish he purchases to persons who sell at retail and purveyors of meals. Except as applicable to primary distributor sales (see section 5.6), "domestic established place of business" does not include public freezing facilities: it includes only a warehouse or the freezer which is wholly owned or controlled by the seller; or

(2) He has no established place of business, and he sells and delivers such fish to a retailer or purveyor of meals, without advance order, from the stock of his motor truck or wagon in which he delivers it to the retailer's individual store or to the place of business of the purveyor of meals. (This type of wholesale sale is called a wagon jobber sale. The seller is a wagon jobber with respect

to such sale.)

With the exception of the wagon jobber sale, however, if the seller does not sell and distribute at least 80 percent of his frozen fish from the stock of his domestic established place of business, he is not a wholesaler, but is a distributor whose sales are covered by section 1.2 or section 5.5 in the case of an importing distributor or section 5.6a in the case of a distributor buying from a primary fish shipper or port wholesaler.

Sec. 5.5 Importer sales. (a) An importer sale is a sale of frozen fish, which the seller (including the agent of a foreign shipper) imported into the United States. It also includes sales by a wholesaler or any other person of imported fish which he bought from an importing distributor (other than a wholesaler or retailer). Such a seller is an importer with respect to such sales. The maximum prices for such sales are the table prices established for sales by primary processors plus all applicable allowances (provided by sections 5.9 through 5.13) and plus or minus any applicable differentials (provided by section 5.12).

(b) Inland warehouse sales. Where an importing wholesaler receives imported frozen fish at his domestic established place of business and ships such fish to another warehouse in less-than-carload lots or in carload lots which he assembled at his domestic established place of business, and such other warehouse and sales from it meet the qualifications set out in section 5.3 (e) (Inland warehouse sales by a primary processor), the maximum price for such sale is the table price established by that section plus all applicable allowances and plus or minus any applicable differentials.

(c) Halibut. No person shall buy frozen halibut originally landed fresh on the Pacific Coast of Canada which halibut is intended for transshipment in bond into the United States at a price higher than the price provided for sales by primary processors to wholesalers (see Schedule 4, footnote 3, Column I of Table IIB). No person shall sell or distribute from Canada either directly or indirectly through a foreign or domestic corporation which he owns or controls any such halibut at a price higher than the price provided for primary processors' sales to wholesalers.

essors' sales to wholesalers.

(d) Notwithstanding the provisions of paragraphs (a) and (b) the maximum price which a person may charge for a sale of frozen fish which he receives in bond from the Pacific Coast of Canada is the appropriate table price applicable to a sale of such fish purchased from a primary processor plus all applicable allowances for an importer sale.

[Paragraphs (c) and (d) amended by Am. 9, 10 F.R. 9880, effective 8-7-45]

SEC. 5.6 Primary distributor sales-(a) What a primary distributor sale is. A sale by a wholesaler (other than an importer sale) to another wholesaler, chain-store warehouse or retailer-owned cooperative, of frozen fish purchased frozen in carload lots or as a portion of a whole carload lot including other specles and distributed in the United States in less-than-carload lots, is a primary distributor sale: Provided, however, That the seller handled the same species of frozen fish during the year preceding April 13, 1943, and during the greater portion of that year bought in carload lots or as a portion of a whole carload lot including other species the greater portion of that species which he handled, and he distributed from an established place of business in the United States the greater portion in less-thancarload lots. The seller is called a primary distributor with respect to such sales. Provided, further, That a primary distributor sale shall not include a sale of frozen fish which involves delivery from or within Alaska, Washington, Oregon or California.

No allowance taken for transportation costs pursuant to this section may exceed the common carrier rate from shipping to receiving point.

(b) Incoming fresh fish transportation for processors. If a primary or secondary processor freezes fish in a place which is remote from the place where that fish was landed, he may add to his table price the per pound transportation costs, not to exceed the carload rail freight rate per pound for fresh fish (if such rate is available) from the nearest port where that species is landed, ex-vessel.

(e) Outgoing transportation for processors, wholesalers, and distributors. Any processor, wholesaler, or other distributor, not including an importer, who ships frozen fish from one of his warehouses to another of his warehouses or to his distribution point which is remote from his shipping point and from the original freezing point, may add to his table price for frozen fish distributed from or at that remote warehouse, or other distribution point, the transportation cost from the shipping point nearest the first warehouse to such remote warehouse or other distribution point.

Mayne Public Service Co. et al.

NOTICE OF FILING, ORDER FOR HEARING, AND ORDER CONSOLIDATING PROCEEDINGS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 19th day of November, A. D. 1945.

In the matters of Maine Public Service Company, Consolidated Electric and Gas Company, File No. 70–1183; Maine Public Service Company, File No. 31–534; Maine and New Brunswick Electrical Power Company, Limited, File No. 31–535.

Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, Maine Public Service Company ("Maine"), a registered holding company and a public utility subsidiary of Consolidated, and Maine and New Brunswick Electrical Power Company; Limited, ("New Brunswick"), a public utility subsidiary of Maine and Consolidated, have made certain filings with this Commission pursuant to the Public Utility Holding Company Act of 1935.

All interested persons are referred to said documents, which are on file in the offices of this Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

In File No. 31-534, Maine applies for an order of this Commission, pursuant to section 3 (a) (2) of the act, exempting Maine, and New Brunswick as a subsidiary of Maine, from all provisions of said act except such provisions thereof as are applicable to Maine as a subsidiary of a registered holding company, on the asserted ground that Maine is predominantly a public utility company whose operations as such do not extend beyond the State of Maine, in which it is organized.

Maine has one direct subsidiary, New Brunswick, Maine owning all of the outstanding securities of New Brunswick except \$7,900 principal amount of 6% Perpetual Debenture Stock (which is not callable) and 25 directors' qualifying shares of common stock. New Brunswick owns and operates facilities for the generation, transmission and distribution of electric energy, all such facilities being situated in the Province of New Brunswick, Canada. New Brunswick serves 19 communities, 13 at retail and 6 at wholesale, and also sells power to Maine at the international boundary for resale by Maine within the State of Maine. For the 12 months ended August 31, 1945, approximately 58% of the power sold by New Brunswick was sold to Maine. In File No. 31-535, New Brunswick applies for an order of this Commission, pursuant to section 3 (b) of the act, exempting New Brunswick from all provisions of the act imposing obligations, duties or liabilities on it as a subsidiary of a registered holding company, on the asserted ground that it has no subsidiaries, derives no material part of its income directly or indirectly from sources within the United States, and is not a public utility company operating in the United States.

In File No. 70-1183, Maine proposes to issue and sell at competitive bidding, pursuant to the provisions of Rule U-50, \$2,200,000 principal amount of First Mortgage Bonds. The proceeds to be derived from the sale of such bonds, together with other corporate funds including moneys to be received from New Brunswick as hereinafter indicated, are to be used to redeem and retire \$1,926,000 principal amount of presently outstanding 3% % Sinking Fund Series Bonds, due September 1, 1972, at $105\frac{1}{2}\%$ of the principal amount thereof plus interest to the date of redemption (the applicable redemption price); to redeem and retire \$290,000 principal amount of presently outstanding 3½% Sinking Fund Series Bonds, due September 1, 1973, at 10634 % of the principal amount thereof plus accrued interest to the date of redemption (the applicable redemption price), and to set aside \$250,000 for improvement and additions to the properties of Maine.

It is further proposed that the authorized capital stock of Maine presently consisting of 10,000 shares, par value \$100 a share, aggregate authorized capital \$1,000,000, be increased to 150,000 shares, par value \$10 per share, aggregate authorized capital \$1,500,000. All of said 150,000 shares are to be issued in exchange for the presently outstanding 9,303 shares of common stock.

Consolidated holds all of the outstanding common stock of Maine except five directors' qualifying shares, and is to surrender to Maine all of its holdings of such stock and to acquire from Maine all of the shares proposed to be issued, except that five shares are to be held by directors as nominees of Consolidated. As at August 31, 1945, the capitalization of Maine consisted solely of the aforementioned bonds and common stock.

Simultaneously with the issuance and sale by Maine of the securities hereinabove described, New Brunswick intends to issue and sell to one or more financial institutions \$600,000 principal amount in Canadian dollar bonds and to apply the proceeds from the sale of said bonds in part to the payment of its 6% Perpetual Debenture Stock owned by Maine (\$31,-100 principal amount) and its outstanding 3% demand notes (\$340,000 principal amount), all owned by Maine. The balance of the proceeds from the sale of the new bonds is to be used for the construction or acquisition of improvements and additions to the properties of New Brunswick and for general corporate purposes of the company. The filing indicates that in the judgment of counsel for Maine and New Brunswick, the transactions incofar as they affect New Brunswich are not subject to the jurisdiction of this Commission because of the pendency of the exemption applications hereinbefore described.

It appears that sections 3 (a), 3 (b), 6 (a), 6 (b), 7, 9, 10, 12 (c), 12 (d), and 12 (f) of the act and Rules U-10, U-42, U-43, U-44, and U-50 are applicable to the proposed transactions.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the joint application-declaration (File No. 70-1183) and that said joint application-declaration and the requested exemptions (File Nos. 31-534 and 31-535) should not be granted or permitted to become effective except pursuant to further order or orders of this Commission;

It further appearing to the Commission that the proceedings regarding the exemption applications of Maine and New Brunswick and regarding the joint application-declaration of Consolidated and Maine concerning the afore-described financial transactions involve common questions of law and fact and should be consolidated and heard together;

It is ordered, That said proceedings be, and they are hereby, consolidated, and that a hearing in the consolidated proceedings under the applicable provisions of the act and rules of the Commission promulgated thereunder to be held on November 30, 1945, at 10:00 a.m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such room as the hearing room clerk in Room 318 will at that time advise. All persons desiring to be heard or otherwise wishing to participate in the proceedings should file with the Commission on or before November 28, 1945, a written request relative thereto as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That jurisdiction be, and it hereby is, reserved to separate either for hearing, in whole or in part, or for disposition, in whole or in part, any issues or questions which may arise in these proceedings and to take such other action as may appear conducive to an orderly, prompt, and economical disposition of the matters involved.

It is further ordered, That notice of said hearing is hereby given to Consolidated, Maine, New Brunswick, Public Service Commission of the State of Maine and all interested persons, notice to be given to Consolidated, Maine, New Brunswick, and Public Service Commission of the State of Maine by registered mail and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list

for releases issued under the Public Utility Holding Company Act of 1935 and by publication of a copy of this notice and order in the Federal Register.

It is further ordered, That Allen Mac-Cullen or any other officer or officers of this Commission designated by it for that purpose, shall preside at such hearing. The officer so designated is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That, without be limiting the scope of the issues presented by said filings, particular attention be directed at said hearing to the following matters and questions:

(1) Whether Maine is predominantly a public utility company whose operations as such do not extend beyond the State in which it is organized and States

contiguous thereto;

(2) Whether it is detrimental to the public interest or the interest of investors or consumers to grant to Maine, and to New Brunswick as a subsidiary of Maine, an exemption from any or all of the provisions of the act;

(3) Whether New Brunswick derives any material part of its income directly or indirectly from sources within the

United States;

(4) Whether the application of any or all of the provisions of the act to New Brunswick is necessary in the public interest or for the protection of investors:

(5) Whether the proposed issue and sale of First Mortgage Bonds and common stock by Maine are solely for the purpose of financing the business of Maine as a public utility company, have been expressly authorized by the State Commission for the State in which Maine is organized and conducts its business, and otherwise satisfy the requirements of Section 6 (b) of the act; and, if not, whether the proposed issue and sale of said securities satisfy the requirements of sections 7 (c) and 7 (d) of the act;

(6) Whether the proposed increase in the authorized common stock of Maine is detrimental to the public interest or the interest of investors or consumers;

(7) Whether the proposed accounting entries to be made in connection with the proposed transactions are proper;

(8) Whether the fees, commissions and other remunerations to be paid directly or indirectly in connection with the proposed transactions are reasonable; and

(9) Generally, whether the proposed transactions comply with all of the applicable provisions and requirements of the act and rules and regulations promulgated thereunder, and whether it is necessary or appropriate in the public interest or for the protection of investors and consumers, or to prevent the circumvention of any provisions of the act, or rules, regulations or orders thereunder to impose terms and conditions in connection with any of the proposed transactions.

By the Commission.
